Provide adequate precautions, such as electrical grounding and bonding, or inert atmospheres.

Local/Total ventilation      :      Use only with adequate ventilation.

Advice on safe handling      :      Do not breathe dust.  
Do not swallow.  
Avoid contact with eyes.  
Avoid prolonged or repeated contact with skin.  
Handle in accordance with good industrial hygiene and safety practice, based on the results of the workplace exposure assessment  
Minimize dust generation and accumulation.  
Keep container closed when not in use.  
Keep away from heat and sources of ignition.  
Take precautionary measures against static discharges.  
Take care to prevent spills, waste and minimize release to the environment.

Conditions for safe storage      :      Keep in properly labeled containers.
